To Whom it May Concern:

I am writing this letter of recommendation for Daniel Nolan. I have had the great pleasure of having Daniel's assistance while working on starting a business. Few people have the fantastic qualities of common sense, business knowledge, and wit that Daniel possesses, and I am fortunate to have had the opportunity to work with him.

Under Daniel's direction, I developed a business plan for a new optometry practice in Thornton, Colorado. Daniel worked patiently with me, constantly revising my business plan, helping me set goals, and making countless insightful suggestions. I put my trust in Daniel's business skills and was well rewarded. Within mere days of submitting my business plan, I received several bank offers to fund my venture. Vista Eye Care opened its doors on July 1st, 2010 in no small part due to Daniel's persistence. Daniel has recently assisted me in developing an accounting system for my business, again proving his versatility and reaffirming his dedication.

In working with Daniel, I was impressed by his ability to both think outside the box and to recognize necessary business formalities. Creativity affords him a unique perspective on projects that he takes on, and I learned this first hand while working with him. It is without reservation that I recommend Daniel Nolan for any position that could make use of his skills and abilities. I am confident that he would benefit others as he has benefited me.

Please don't hesitate to contact me should you require any further attestation of Daniel's reputation or character.

Sincerely,

Brian Abert, O.D., FAAO
