

COLORADO CONCRETE & LANDSCAPE

July 19, 2010

To Whom It May Concern,

It is my pleasure and privilege to write this letter of recommendation for Daniel Nolan.

In my opinion, Daniel is a hard-working self-starter who invariably understands exactly what a project is all about. He has consistently produced high quality work for me in the form of spreadsheets, and advanced estimating programs at my request. His tasks have always been completed within a timely fashion. I have been acquainted with Daniel for 5 years, and I have hired him to assist with my company for the last 18 months. He also assisted Colorado Concrete & Landscape with a Process Flow Chart for our design and sales team. His evaluations and recommendations are currently in use and working well.

Based on my time working with Daniel, I recommend him very highly. Please feel free to contact me should you require more elaboration. Thank you for your time and attention.

Sincerely,

Lauren Bloom, CLT
